

2015 JIMMIE ALLEN NORTH AMERICAN CHAMPIONSHIP SPONSORED BY SAM 27, CALIFORNIA

This is a postal championship contest for U.S. and Canadian model airplane clubs flying Jimmie Allen models. A participating club will select any desired single date to hold its contest during the months of July, August, September or October 2015. The club score will be the sum of the total 3-flight scores of the three highest scoring club members in the club's contest. The fourth highest time for the three team members should be reported too, as this will be used as a tie-breaker if two teams have a tie score based on the first three flights of the three team members.

The club results should be reported as soon after the contest as practicable, using the attached form. Entries postmarked later than November 3, 2015, will not be eligible.

Each team that enters will receive the final results shortly after the close of the contest, and the winning club will receive and hold the perpetual Jimmie Allen North American Championship Trophy for one year.

CONTEST RULES

MODELS

1. Entry must be a recognized Jimmie Allen design.
2. Proxy flying is allowed.
3. Entrant may enter more than one model but is limited to only one official score to the best performing model.
4. Model must be flown in its original size (no scaling) with original outlines and cross-sections, including airfoils, dihedral, and wheel diameter and cross-section.
5. Propeller diameter will be no larger than that shown on the plan or provided in the kit. If no kit is available and the plan does not show it, the propeller diameter shall not exceed 33% of wingspan. Propeller may be any pitch. Wood or plastic propeller may be used.
6. No folding propellers, but free-wheeling is OK.
7. No limit on rubber motor size or model weight, but reducing structure, wood sizes or covering material is not permitted.
8. Structure to be per original plan except minor changes to strengthen the structure or to accommodate a winding tube or dethermalizer are OK.

FLIGHT RULES

1. All flights must be Rise-Off-Ground (ROG) or a suitable long hard surface, such as a sheet of plywood or a table provided by the club. All official flights must be flown on the same day.
2. the contestant's score will be the sum, in seconds, of the three longest of four official flights. Maximum flight time is 120 seconds. Flights under 20 seconds are not official and need not be recorded.
3. Any tie scores between clubs will be resolved by totaling the fourth highest flight time of the team's three members, the highest total winning.
4. Each Team entry will be represented by a different contestant.
